

# Index

## A

- Access control, 4, 12, 97, 98
  - Advanced Access Control Feature in, 44
  - Label Based Access Control (LBAC) in, 44, 105, 110, 111
- Access plans, 251, 585
- Action, trigger, 439
- Activation time, trigger, 220–221, 438–439
- Activity Monitor, 81
- Add Database dialog, 182, **183**
- Administration Console, DWE, 46
- ADO/ADO.NET, 52, 54
- Advanced Access Control Feature, 44
- AFTER trigger, 220–221, 439, 440, 442
- Aggregations, 13
- AIX, 8, 11, 36, 41, 42, 98, 155, 567, 568, 573
- Alerts, Health Center, 73
- Aliases, 179, 180, 192, 214–217, 245, 250, 575, 582–583, 586
  - chaining and, 214
  - constraints and, 214
  - Control Center to create, 215, **216**
  - Create Alias dialog for, 215, **216**
  - CREATE ALIAS for, 214–215
  - nicknames vs., 122, 214
  - SQL and, 172
  - uses for, 216–217
- ALL PRIVILEGES clause, 129, 130, 134–136, 139, 144, 159
- Alphablox Analytics, 47
- ALTER, 7, 116, 119, 122, 129, 131, 134, 139, 141, 144, 156, 158, 159, 574, 576, 577, 580, 583–585
- ALTER TABLE, 416, 491
  - locks and, 483, 485
- ALTERIN privilege, 115, 128, 138–139
- Ambiguous cursors, 315
- Analytics, 12, 13
- APPC support, 40
- Application Developer/Programmer, authorities and privileges using, 150*t*
- Application programming interfaces (APIs), 48, 60
- Application Requestor (AR), 43, 568
- Application Server (AS), 43, 568
- Arranging to take a certification exam, 17–19
- AS/400, 8, 36, 102
- ASC (ascending) sort, 592
- Atomic nature of transactions, 322
- ATTACH PARTITION, 416, 609
- Audio, Video, and Image (AVI) extender, 55–56, 572
- Authentication, 12, 98–103, 150, 190, 191, 573, 581
  - client-based, 100, 155
  - DATA\_ENCRYPT, 101, 155, 573, 581
  - DATA\_ENCRYPT\_CMP, 101, 155, 573
  - Database Manager and, 99, 102–103, 155
  - Distributed Computing Environment (DCE) security services and, 98, 155
  - encryption and, 100, 101, 102, 155
  - external vs. internal facilities for, 98–99, 155
  - Generic Security Service Application Program Interface (GSS-API) and, 101, 155
  - GSS\_Server\_Encrypt and, 101, 155, 573
  - Kerberos for, 100, 155, 573, 581
  - KRB\_Server\_Encrypt and, 100, 155, 573
  - passwords in, 98–99
  - Server\_Encrypt and, 100, 155, 573, 581
  - server-based, 99, 155
  - trusted vs. untrusted clients and, 102–103
  - type of, 99
  - user IDs in, 98–99
  - where performed, 99–102
- Authorities, 103–113, **104**, 151, 574. *See also* privileges
  - BINDADD, 113, 127, 137, 149*t*, 157, 171, 576, 577
  - BY ALL clause in, 138
  - common jobs and, required for, 148, 148–149*t*
  - CONNECT, 127, 137. *See also* CONNECT
  - CONNECT\_QUIESCE, 127, 137
  - Control Center and, granting/revoking of, 125–126, **125**, **126**
  - CREATE\_EXTERNAL\_ROUTINE, 113, 127, 137, 149*t*

Authorities, *continued*

CREATE\_NOT\_FENCED\_ROUTINE, 113–114, 127, 137  
 CREATETAB, 113, 127, 137, 157, 171, 574, 577  
 Database Administrator (DBADM), 3, 105, 110–111,
