<b>About the Author .....</b>	<b>iv</b>
<b>Acknowledgments .....</b>	<b>v</b>
<b>Foreword.....</b>	<b>xi</b>
<b>Chapter 1: The Cloud at Your Service .....</b>	<b>1</b>
Cloud Computing .....	2
Cloud Computing Reference Architecture .....	8
Cloud-Ready vs. Cloud-Centric Applications.....	9
Cloudlets .....	10
<b>Chapter 2: Pure Platform in the Cloud .....</b>	<b>11</b>
Resources in PureApplication .....	12
Getting Started with PureApplication .....	19
Patterns .....	32
The Infrastructure Map .....	34
Cloudlets .....	35
<b>Chapter 3: Cloud Software Patterns .....</b>	<b>37</b>
Working with Patterns .....	40
Deploying the BPM Pattern .....	44
Working with the BPM Pattern Instance.....	48
Virtual System Pattern.....	51
Creating Patterns for Non-IBM Software .....	55
Pattern Deployment for High Availability .....	61
Cloudlets .....	62

<b>Chapter 4: Scripting .....</b>	<b>63</b>
Hello, Cloud Scripts .....	63
Wsadmin Scripting.....	67
Script Packages in PureApplication System .....	68
Uploading a Script Package in PureApplication System .....	70
Basic Scripting .....	73
PureApplication System Command-Line Interface .....	83
Add-Ons .....	86
Using the Plug-in Development Kit.....	86
Cloudlets .....	90
<b>Chapter 5: Services Layers and Services in the Cloud.....</b>	<b>91</b>
Characteristics of a Public Cloud.....	92
Managed vs. Unmanaged Services .....	94
Workload Isolation and Security .....	95
Overview of SoftLayer.....	99
Monitoring vs. Chargeback .....	102
Cloud Containers.....	105
Cloudlets .....	111
<b>Chapter 6: PaaS: Public or Private .....</b>	<b>113</b>
Discovering Bluemix .....	114
Private PaaS .....	129
Overview of Bluemix Dedicated.....	131
Bluemix and Container Service .....	133
Cloudlets .....	134

---

<b>Chapter 7: Operational Transformation .....</b>	<b>135</b>
IT Roles in Cloud Computing .....	135
A Different Approach to IT Operations.....	138
New Opportunities in Cloud Computing .....	139
Resiliency .....	144
Retooling and Re-skilling of IT Personnel.....	145
Process Transformation .....	146
Cloudlets .....	148
<b>Chapter 8: Cloud Orchestration.....</b>	<b>149</b>
Overview of IBM Cloud Orchestrator .....	150
Working with IBM Cloud Orchestrator .....	154
Overview of OpenStack .....	158
Overview of Chef.....	160
Cloudlets .....	163
<b>Chapter 9: Hybrid Cloud .....</b>	<b>165</b>
Hybrid Cloud Overview .....	166
Hybrid Cloud Topologies .....	168
PureApplication Service on SoftLayer.....	169
Working with PureApplication Service on SoftLayer.....	174
Working with the IIB Pattern .....	175
IPSec VPN Setup .....	180
Cloudlets .....	181
<b>Index.....</b>	<b>183</b>
